

**Social Support
Plan**
社群补助计划

How do you fare in your retirement planning?

As you enter retirement age, do you look forward to strengthening retirement preparation?

Do you wish to know more about existing retirement schemes and plans?

How can we make use of social media to tighten social network?

Social Support Plan

- Seek to achieve higher quality of retirement
- Improve awareness in existing retirement schemes and plans
- Strengthen social network

To improve higher quality of retirement, an assessment of the existing situation can be made. From which, an approximative calibration can be made to derive a realistic retirement proposition. Further research into existing social support schemes and structures matching the needs can then be done. Finally, the attempt is to improve social network in so as to strengthen our social values, providing another layer of safety net towards retirement.

In short, the proposal includes (1) data collection, (2) retirement preparation and wellness preparation, (3) improve social network.
